# HARINI M

## PROFILE

A dedicated and enthusiastic engineering student with a strong interest in the IT industry, eager to learn and grow across various domains. Committed to working with sincerity, adaptability, and a continuous learning mindset to contribute effectively to organizational success and build a strong professional career.

## INTERNSHIP EXPERIENCE

### Web Development Intern

Corizo | September 2024 - October 2024

- Worked on frontend development tasks, focused on responsive design
- Gained exposure to HTML, CSS, JavaScript, and basic React components
- Applied project learnings to build interactive pages

### Software Intern

Chennai Metro Rail Limited | July 2025

- Observed and learned about Automated Fare Collection (AFC) systems
- Understood metro card technology, UI validation, and system integration
- Documented insights and proposed small UI design mockups

## PROJECTS

💉 **Blood Donation Management System – MERN Stack**
Engineered a full-stack web application for donor registration and blood requests. Integrated backend APIs with an interactive UI, reducing manual processing by 40% and improving request tracking.

🛒 **E-commerce Website – MERN Stack**
Developed a responsive shopping platform with product listings, cart management, and dynamic routing using React Router. Enhanced user experience with real-time API simulation, improving product search efficiency.

📄 **Java UI Form Design Project – JSP + Servlet + MySQL + Apache Tomcat**
Implemented a validated student form with file uploads, Gmail-based submissions, and PDF export. Integrated Apache PDFBox to extract and store resume content, enabling quick data retrieval and organized record management.
